

# 22<sup>nd</sup> international Coating Symposium

## November 7<sup>th</sup> + 8<sup>th</sup>, 2023

Dear Industry Professionals,

The international Coating Symposium has been a fixed event in the coating and printing industry since the year 2000.

Speakers from industry, institutes and R&D will present the latest developments around Coating, Printing and Laminating and we will show trials in our R&D centre on site in Dormagen.

We are pleased to invite you to the 22<sup>nd</sup> international Coating Symposium on **November 7<sup>th</sup> + 8<sup>th</sup>, 2023.**

This year we will have a exclusive short course with our expert know-how.

Please let us know if you are interested in attending this event by filling out the attached application form no later than **November 3<sup>rd</sup>, 2023** and fill out the form:

<https://coatema.de/symposium-registration>

Detailed information can be found on our website. The agenda will coming up soon:  
[www.coatema.de/en/unternehmen/symposium/naechstes-symposium](http://www.coatema.de/en/unternehmen/symposium/naechstes-symposium)

We are looking forward to see you in November,  
your Coatema Team
