

23rd international Coating Symposium

November 26th + 27th, 2024

Dear Industry Professionals,

The international Coating Symposium has been a fixed event in the coating and printing industry since the year 2000.

Speakers from industry, institutes and R&D will present the latest developments around Coating, Printing and Laminating and we will show trials in our R&D centre on site in Dormagen.

We are pleased to invite you to the 23rd international Coating Symposium on **November 26th + 27th, 2024.**

This year we will have an exclusive short course with our expert know-how.

Please let us know if you are interested in attending this event by filling out the attached application form no later than **November 22nd, 2024** and fill out the form:

<https://coatema.de/symposium-registration>

Detailed information can be found on our website.
