

## COATEMA R&D centre – Security confirmation for masses and substrates for processing

---

Dear customer,

our responsibility to comply with regulations for the protection of employees and the environment requires us to ask you to confirm in a legally binding manner before the trials are performed that

- 1) the materials according to the law on the transport of dangerous goods ((Gefahrgutbeförderungsgesetz - GGBefG) in the version published on 07. July 2009 (BGBl. I p. 1774, 3975)) are delivered,
- 2) in accordance with § 7 of the German Ordinance on Hazardous Substances (GefStoffV), the masses to be processed and substrates and the measures to be taken (e.g. by submitting the safety data sheets in accordance with § 6 GefStoffV), provided that there are hazardous substances or mixtures within the meaning of § 3a of the Chemicals Act (ChemG) acts,  
 no hazardous substances as defined above  
 EU safety data sheets (in accordance with Regulation (EC) No. 1907/2006 are enclosed (please tick accordingly)
- 3) no dangerous substances or dangerous preparations (mixtures) in mass for which prohibitions or restrictions are imposed by statutory instrument on the basis of Section 17 (1) ChemG.  
This concerns, for example, the production and restrictions of use according to § 16 GefStoffV, in accordance with Annex II,
- 4) agree to the removal of unused masses, unused substrates, coated substrates as well as solvents contaminated with mass within a week or, as an alternative, place the order with us at your expense the proper disposal of all previously listed used and/or unused substrates and/or coating materials according to the valid rules of the competent authorities and other supervisory bodies. The necessary Transport preparations such as type of container and its labelling including waste codes etc. are specified by you.
